desired product or add it to your Quote Basket and continue your search for additional items.

A copy of your request will be sent to you and a Customer Service Representative will email you a confirmation with the quote. When visiting the **Product Center**, your quoted price will appear next to the product in question and will be available for ordering online.

Site Features

Order Center

Checking the status of your orders doesn't get any easier than this! Using the Order Center feature, you can check on orders placed both online and over the phone, track your last ten shipments, and place new orders for shipments listed. If you're curious about a backorder, visit the Order Center to track its status.

Order Entry

Placing an order just got quicker with the Order Entry feature. Reorder products shipped to any of your business' locations over the past 90, 180, or 360 days, and create a list of your "favorite" items to appear each time you access the Order Entry page.

Order Repeat

Review past shipments or invoices using Order Repeat to verify your business' order history or reorder.

Credit Status

Offers an up-to-date statement of your business' credit limit, available credit, open invoices, payments, and past due balances. Use this feature to stay on top of your credit.

Purchase Summary

Access this customizable database of all your purchases. Find out what quantity you ordered and how much you paid, retrieve MSDS information and trace invoices for items purchased including item lot numbers in each month of purchase. Create a favorites list and simplify your Purchase Summary browsing further by linking our item numbers to correspond to your own.

Specials

We all enjoy a good bargain and when you visit our Specials page that's exactly what you'll get. Available only to b2bcomposites.com users, Specials are products that are offered at exceptional prices until they run out. Don't miss out on this opportunity to save. Visit the Specials page today!

Regulatory Manual Online

Composites One reviewed EPA, DOT and OSHA regulations, identifying common standards in the industry, to help you determine what regulatory compliance programs are necessary at your facility and provide you with forms and checklists to help you meet your regulatory requirements.

MSDS E-Mail Option

Have you heard? Material Safety Data Sheets (MSDS) can now be sent to your e-mail address. Just send an e-mail with your first and last name, city, state and company name to msds@compositesone.com. We will set your preference to receive MSDS documents as .pdf attachments instead of hard copies by regular mail. A quick, paperless approach to obtaining crucial information.
